# AMEND OR VACATE A SUBDIVISION

## ***CARBON COUNTY PLANNING DEPARTMENT***

*Dave Levanger, Director of Planning  
435-636-3261*

*Frankie Hathaway, Deputy Zoning Administrator  
435-636-3260*

*August 8, 2012*

## **INSTRUCTIONS TO AMEND, VACATE, OR ALTER AN EXISTING RECORDED SUBDIVISION**

1. Meet with the zoning Administrator or staff to review the proposed amendment and become familiar with the lot size, frontage, and other requirements of the Development Code and the zone where the subdivision is located.
2. Complete and submit to the Zoning Administrator your petition (see attached) to vacate, amend, or alter the plat. *Remember* that you will be financially responsible for the preparation of the new plat and all other zoning fees, plus the cost of the advertisement for the public hearing to be held by the County Commission to consider your proposal. You must also pay all recording fees for the new plat, which must be prepared by a licensed Utah Professional Land Surveyor. As the Developer, you will also be responsible for meeting the requirements for sewer or septic and for water rights for any new lots created.
3. The Zoning Administrator will schedule your petition and request to vacate or amend on the agenda of the next available regular Planning Commission Meeting for their review and recommendation to the County Commission.
4. The Zoning Administrator will publish the notice of the public hearing in the Sun Advocate at least two weeks prior to the public hearing, for which you, the Developer, will pay.
5. The Developer will give notice of the proposed plat change by mailing a copy of the public hearing notice by certified letter to each owner of property within the effected subdivision being proposed for change.
6. The County Commission will hold a public hearing to consider approval of the proposed vacation, alteration, or amendment, and will vote to either approve or disapprove the change.
7. If the petition to vacate, alter, or amend a plat does NOT involve a public street or road, and if the Developer is able to obtain the signatures of all owners of record of the land contained in the entire plat, *consenting to the vacation, alteration, or amendment*, no public hearing will be required; the new plat will be considered by the Planning Commission, and upon their approval of the change, can be signed by all appropriate entities, and recorded.

**17-27a-608. Vacating or changing a subdivision plat.**

(1) (a) Subject to Section **17-27a-609.5**, and provided that notice has been given pursuant to local ordinance and Section **17-27a-208**, the land use authority may, with or without a petition, consider and resolve any proposed vacation, alteration, or amendment of a subdivision plat, any portion of a subdivision plat, or any lot contained in a subdivision plat.

(b) If a petition is filed, the land use authority shall hold a public hearing within 45 days after the petition is filed or, if applicable, within 45 days after receipt of the planning commission's recommendation under Subsection (2), if:

(i) any owner within the plat notifies the county of their objection in writing within ten days of mailed notification; or

(ii) a public hearing is required because all of the owners in the subdivision have not signed the revised plat.

(2) (a) (i) The planning commission shall consider and provide a recommendation for a proposed vacation, alteration, or amendment under Subsection (1)(a) before the land use authority takes final action.

(ii) The planning commission shall give its recommendation within 30 days after the proposed vacation, alteration, or amendment is referred to it, or as that time period is extended by agreement with the applicant.

(b) Subsection (2)(a) does not apply if the planning commission has been designated as the land use authority.

(3) The public hearing requirement of Subsection (1)(b) does not apply and a land use authority may consider at a public meeting an owner's petition to alter a subdivision plat if:

(a) the petition seeks to join two or more of the owner's contiguous, residential lots; and

(b) notice has been given pursuant to local ordinance.

(4) Each request to vacate or alter a street or alley, contained in a petition to vacate, alter, or amend a subdivision plat, is also subject to Section **17-27a-609.5**.

(5) Any fee owner, as shown on the last county assessment rolls, of land within the subdivision that has been laid out and platted as provided in this part may, in writing, petition to have the plat, any portion of it, or any street or lot contained in it, vacated, altered, or amended as provided in this section and Section **17-27a-609.5**.

(6) Each petition to vacate, alter, or amend an entire plat, a portion of a plat, or a street or lot contained in a plat shall include:

(a) the name and address of all owners of record of the land contained in the entire plat;

(b) the name and address of all owners of record of land adjacent to any street that is proposed to be vacated, altered, or amended; and

(c) the signature of each of these owners who consents to the petition.

(7) (a) The owners of record of adjacent parcels that are described by either a metes and bounds description or a recorded plat may exchange title to portions of those parcels if the exchange of title is approved by the land use authority in accordance with Subsection (7)(b).

(b) The land use authority shall approve an exchange of title under Subsection (7)(a) if the exchange of title will not result in a violation of any land use ordinance.

(c) If an exchange of title is approved under Subsection (7)(b):

(i) a notice of approval shall be recorded in the office of the county recorder which:

(A) is executed by each owner included in the exchange and by the land use authority;

(B) contains an acknowledgment for each party executing the notice in accordance with

the provisions of Title 57, Chapter 2a, Recognition of Acknowledgments Act; and

(C) recites the descriptions of both the original parcels and the parcels created by the

exchange of title; and

(ii) a conveyance of title reflecting the approved change shall be recorded in the office of the county recorder.

(d) A notice of approval recorded under this Subsection (7) does not act as a conveyance of title to real property and is not required for the recording of a document purporting to convey title to real property.

(8) (a) The name of a recorded subdivision may be changed by recording an amended plat making that change, as provided in this section and subject to Subsection (8)(c).

(b) The surveyor preparing the amended plat shall certify that the surveyor:

(i) holds a license in accordance with Title 58, Chapter 22, Professional Engineers and Land Surveyors Licensing Act;

(ii) has completed a survey of the property described on the plat in accordance with Section 17-23-17 and has verified all measurements; and

(iii) has placed monuments as represented on the plat.

(c) An owner of land may not submit for recording an amended plat that gives the subdivision described in the amended plat the same name as a subdivision in a plat already recorded in the county recorder's office.

(d) Except as provided in Subsection (8)(a), the recording of a declaration or other document that purports to change the name of a recorded plat is voidable.
